

RESOLUTION NO. 20.0810.1

**A Resolution Setting Boulevard Width in Accordance To
City Ordinance 6.0207**

WHEREAS, the Parker City Council believes that it is necessary and in the best interests of the City of Parker to have standard boulevard widths wherever possible inside its territorial limits; and

WHEREAS, Section 6.0207 of the Parker City Ordinances gives the Parker City Council the authority to set boulevard width requirements when constructing sidewalks; now

THEREFORE BE IT RESOLVED BY THE PARKER CITY COUNCIL that the standard boulevard width within the City of Parker shall be no less than 5.5 (five and one half) feet wide or at the property line, and must match up to abutting property sidewalk should one exist.
